Subject: re police

I support the police. Money well spend as opposed to lrt and bike lanes. 3 things id ask police to change. 1/ more officers out of the car walking on foot patrol 2/ cut back on the accident investigation team. Many hours of a road closure, to prove what? Total traffic chaos and accidents because of it 3/ stop the suspended with pay for pending charges. It's a great paid vacation that no other business gives.
