Intervention Programs

The Hamilton Police Service are active members with the John Howard Youth Justice Committee (YJC), Hamilton Youth Justice Committee (HYJC), The Greater Toronto Area Extrajudicial Measures Committee (GTAEJM) and the Hamilton Youth Drug Diversion Program (HYDDP). As per the requirements of the Youth Criminal Justice Act (YCJA), the Hamilton Police Service has a formal agreement with the John Howard Society to operate the Extrajudicial Measures Diversion Referral Program. The program educates youth diverted from the judicial system about their actions and the impact within our communities.

In support of the Hamilton Police Service goal of reducing the availability and use of illegal drugs in our community, the Youth Engagement Team collaborated with divisional front line officers, the Crime Prevention Unit, Crime Managers and Investigative Services to address youth drug related offences.

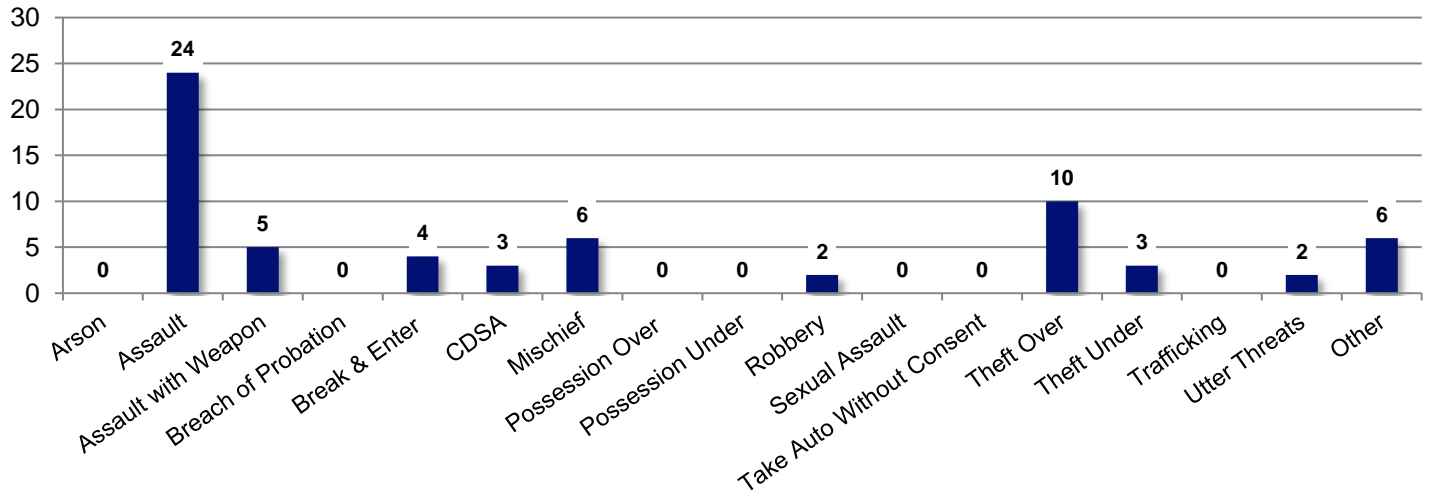

If a youth was found in contravention under the Controlled Drug Substance Act (C.D.S.A) or the Federal Cannabis Control Act 2017 and met qualifications, an Extrajudicial Measures referral was forwarded to The John Howard Society of Hamilton, Burlington and Area in lieu of criminal charges. The goal of the diversion program is to decrease the number of youth who are involved with the police, the judicial system and to educate on drug awareness.

In 2024, the John Howard Society received 65 Extrajudicial Measure Youth Pre-Charge Diversion Referrals for criminal offences from the Hamilton Police Service, a decrease of 16.6% from the 78 referrals in 2023.

Of the 65 referrals in 2024, 92.0% or 60 of the youth completed their designated diversion programs resulting with no youth criminal charges or a youth criminal record. The youth that failed to complete the program were charged accordingly with the original offence committed.
